COMMERCIAL INVOICE

- It shall be established, at a minimum, in four copies and shall contain the usual mentions. It is written, preferably, in English.

EUR1

Although Ethiopia does not grant preferential customs treatment to products originating in the European Union, the customs services may require a document EUR.1 when importing these products and, in particular, "where these are incorporated in the manufacture of a local product and re-exported to the EU ".

Shipments of less than EUR 6 000 or made by an approved exporter may lead to a declaration as for the EUR.1 "when incorporated into the manufacture of a local product and re-exported to the EU. "

The latter must be established on an invoice, a delivery note or any other commercial document describing the products concerned in a sufficiently detailed manner to be able to identify them.

Certificate of origin

Mandatory for all products, it must be established on the Community form.

Certificate of Origin forms are distributed by specialized printing companies and Chambers of Commerce and Industry. CCI Paris Ile-de-France and some provincial CCIs offer dematerialized certificates: <https://www.formalites-export.com>

The rules on the issuance and use of certificates of origin are specified in the Certificate of Community Origin document.

Required certificates

DEPENDING ON THE KIND OF COMMODITY

- For meat and by-products of animal origin (milk, eggs, meat preparation, etc.) : **sanitary certificate**
- For fruits, vegetables, seeds and other plants : **phytosanitary certificate**
- For pharmaceutical products : **certificate of free sale**
- For cosmetics : **certificate of free sale**

Transport and packaging

Transportation documents :

The main transport documents are the bill of lading, the LTA or AWB air waybill, the international CMR consignment note and the international CIM consignment note.

Packing list :

This list summarizes all the exported goods and specifies the volumes, the number of packages, crates, containers as well as the exact quantity of the goods.

Transport insurance :

There is no obligation of local insurance, that is to say of obligation to assure, in Ethiopia, the international transport of goods.

Passport Business Visa:

The cost is 17 euros for a single entry, 25.5 euros for multiple entries. It is payable only in cash. If sent by post, the payment must be made by cash order. The lead time is 48 hours.

Rates are valid on the date of the card: they are subject to change without notice; it is advisable to call the concerned Consulate before any step.

Good to know :

There are labeling requirements that vary by product, including country of origin.

Refer to the information on the Market Access website, in the "Procedures and formalities" section, which should, however, be completed.
