COMMERCIAL INVOICE

- It shall be established, at a minimum, in triplicate and shall contain the usual mentions. It is written in French.

EUR1

Although Niger does not yet have a preferential customs regime for products originating in the EU, customs services may require a document EUR. 1 when importing these products and, in particular, ' when they are incorporated into the Manufacture of a local product and re-exported to the EU " .

Consignments, less than EUR 6 000 or made by an authorized exporter, may give rise to a declaration in particular, as for EUR. 1, ' when they are incorporated into the manufacture of a local product and re-exported to the EU '. It must be drawn up on an invoice, a delivery note or any other commercial document describing the products concerned in a sufficiently detailed manner to be able to identify them.

Certificate of origin

At the request of the importer. In this case it must be drawn up on the community form.

The certificate of Origin forms are circulated by the specialized printing companies as well as by the chambers of Commerce and industry. The CCI Paris Ile-de-France as well as numerous provincial KICs propose dematerialized certificates: <https://www.formalites-export.com>

The rules on the issuance and use of certificates of origin are specified in the Certificate of Community Origin document.

Required certificates

DEPENDING ON THE KIND OF COMMODITY

- For meat and by-products of animal origin (milk, eggs, meat preparation, etc.) : **sanitary certificate**
- For fruits, vegetables, seeds and other plants : **phytosanitary certificate**
